Shaman's Lodge is a natural extension to Shaman's Retreat workshop and healing space near Yeovil, Somerset. The opportunity to take on this adjoining one bedroom stone barn property is a synchronistic moment in time and fulfills a vision of offering self-contained spiritual and healing retreats. It has its own small private courtyard garden, downstairs kitchen and small bathroom, a spacious living room with a sofa bed, and beautiful upstairs double bedroom with en-suite shower room and Juliette balcony.

The guiding principles and ethos appeal to souls navigating this evolution in human consciousness. It provides the opportunity to tangibly and organically sink into the emergence of new earth frequencies. The energy here is one of love, peace, joy, awareness of the true human spirit and healing. It is a private space, not available on holiday booking platforms, and its benefits are spread naturally by word of mouth. I very much look forward to seeing you here soon.

Where zen meets the spiritual road

Ethos and guiding principles behind Shaman's Lodge creation

Your retreat and healing space

For singles, couples or friends, take a look at what's waiting for you

Nature, nurture and new earth

From plant-based bed linen, nature walks, healing energies and more all combine to nurture the soul...

Your retreat and healing space

Nature, nurture & new earth

I've made a conscious choice in using natural materials where possible. From coir matting, flax linen sheets and duvet covers, and a sumptuous wool duvet and pillows for natural thermoregulation all add to the relaxed style and feel.

Beyond the veneer of furnishings, Shaman's Lodge is a timeless destination to explore aspects of your soul's journey, gestate new pathways of choice, enjoy deep nature connection, resource yourself through reading and journaling, or dive into aspects of shamanism and the energies of new earth.

With various energy tools available for use, and with sacred landscapes and locations within easy reach, it's a sublime nurturing opportunity that awaits you. You can even bring your well-behaved pooch with you for those long dog walks.

I look forward to welcoming you to this special private space where the energies of new earth are already tangible.

Shaman's Lodge is a Victorian stone built barn conversion. The stable door entrance opens into a fully fitted kitchen complete with a round breakfast table and chairs. An archway leads into a small hallway with the bathroom to the left and a comfortable living room to the right. From here you can throw open the patio doors in the summer to your own private garden or cosy up in front of the woodburner in the winter. Stairs rise from the living room to the double bedroom with private Juliette balcony, beamed ceiling and en-suite shower room.

To help minimize harmful EMF distortion on the human energy field, there is no TV, Wifi or landline phone in Shaman's Lodge. However, 4g data can usually be picked up. There's a small library of reading material for you to browse and absorb while you're here, and healing sessions can also be booked.

Shaman's Lodge is offered on a fully self-catered basis for singles, couples or a couple of friends for short breaks of up to a week (minimum 2 nights). Bedding/ towels provided.
